Boston Feb 20 / 41.

Dear friend,

Will you please to send me copy for the February number of the Offering soon as may be. The Diary no is completed "after a sort". Yr piece of poetry will go into the very no. I received a letter from O Johnson yesterday containing a copy of a letter put into G Gibbons hands by J. G. Birney from England. It purports to seek the truth in relation to the differencies between old & new ~~wood cutting~~ organization. &c. &c. Johnson thinks that some plan is a foot to destroy the Character of the old Society thro' Mr Collins. He invites for advice — The Board will meet Monday morning. Yr friend
